## Interview Summary

Application No. <b>08/882,415</b>	Applicant(s) <b>Zhang et al</b>
Examiner <b>Maurie E. Garcia, Ph. D.</b>	Group Art Unit <b>1618</b>

All participants (applicant, applicant's representative, PTO personnel):

(1) Maurie E. Garcia 

(3) David Brook

(2) Ponnathapura Achutamurthy

(4) Theresa Debron 

Date of Interview Aug 4, 1999

Type:  Telephonic  Personal (copy is given to  applicant  applicant's representative).

Exhibit shown or demonstration conducted:  Yes  No. If yes, brief description:

Agreement  was reached.  was not reached.

Claim(s) discussed: All pending

Identification of prior art discussed:

Wang et al (Chem. Abstracts Volume 125, Abstract No. 257089b). The text of the full reference was also discussed.

Description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant discussed the 102 rejection from the previous Office Action (Paper No. 11). Applicant mentioned that they had obtained the full text of the Wang et al reference (the rejection by the examiner was made over only the abstract).

Applicant stated that when the whole reference is considered, it provides a clearer picture of what is taught by Wang et al and that Wang et al teaches random/homogeneous organization of peptides as opposed to the instant claims "predetermined pattern". The definition of "predetermined" was pointed out in the specification, page 12, beginning at line 12. SPE Achutamurthy discussed that the term "predetermined" was very broad and pointed out that the claims must be given their broadest reasonable interpretation, even though they are read in light of the specification. It was suggested that limitations from the specification as to the "predetermined pattern" should be added to the claims.

Applicant will file an amendment in due course, and will provide a copy of the entire Wang et al reference.

(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)

1.  It is not necessary for applicant to provide a separate record of the substance of the interview.

Unless the paragraph above has been checked to indicate to the contrary, A FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION IS NOT WAIVED AND MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW. (See MPEP Section 713.04). If a response to the last Office action has already been filed, APPLICANT IS GIVEN ONE MONTH FROM THIS INTERVIEW DATE TO FILE A STATEMENT OF THE SUBSTANCE OF THE INTERVIEW.

2.  Since the Examiner's interview summary above (including any attachments) reflects a complete response to each of the objections, rejections and requirements that may be present in the last Office action, and since the claims are now allowable, this completed form is considered to fulfill the response requirements of the last Office action. Applicant is not relieved from providing a separate record of the interview unless box 1 above is also checked.

Examiner Note: You must sign and stamp this form unless it is an attachment to a signed Office action.
